Advance Directive is a legal document with instructions you give regarding your future care if you are unable to make decisions about your care.

There are two sections; you may have completed one or both of the sections:

1. *Durable Power of Attorney for Health Care (DPOAH)* - you name another individual to make healthcare decisions for you when you are unable to. Your provider determines that you can no longer make decisions for yourself and activates the DPOAH.
2. *Living Will* - you instruct your health care provider to give no life-sustaining treatment if you are near death or are permanently unconscious, with no hope for recovery.
