

 **Blood Clot Prevention - How do we measure up?**

The Centers for Medicare & Medicaid have created best practice measures to rate hospitals for their ability to prevent venous Thromboembolism (VTE), or blood clots. Here's how we measure up.

VENOUS THROMBOEMBOLISM (VTE) CORE MEASURES	NUMBER OF PATIENTS	WDH Score Q3 2017	State Rate	National Rate
CORE VTE-6 RATE OF POTENTIALLY PREVENTABLE VTE	0/1	0%	4%	2%
