

CT Colonography History Form:

Indication for Endoscopic Colonoscopy:

- ☐ Anemia
- ☐ Guaiac positive stool
- ☐ Screening
- ☐ Other

Reason for Incomplete Colonoscopy:

Distance reached / location: _____ cm

Was biopsy performed during colonoscopy: ☐ No ☐ Yes

If yes, please get as much information
as possible regarding biopsy

- ☐ Superficial
- ☐ Deep

Please be aware that with deep biopsy during colonoscopy, your patient may have to wait six weeks post procedure to be scheduled for CT Colonography.

Additionally, direct physician-to-physician hand-off communication may be necessary to ensure that your patient's exam is scheduled appropriately.
