Smoking Cessation
Do you want to quit using tobacco?
Do you need help?

One-on-one sessions with a Respiratory Care Practitioner focus on your desire to quit, define individual needs and set step-by-step goals.

Your doctor will need to order smoking cessation counseling, which is approved by Medicare and most insurance carriers for up to eight visits. We recommend that you call your insurance carrier to make sure this service is covered. Ask your physician about Smoking Cessation today.

(Physician’s offices - please order on form 6171-07 and call Centralized Scheduling at 740-2671 to set up the first appointment.)

For more information, ask for the Smoking Cessation Counselors at (603) 740-2115.
